COMPETITION

ACADEMIC YEAR 2021-22
EVEN SEMESTER

QUIZ TIME -INTER DEPARTMENT COMPETITION

Organized By: Department of Post Graduate Students

Date:11th August 2022

Faculty Coordinator: Ms.Benita Jaison

Student Coordinators: Durga Kalyan.S., Felix .A. , Vignesh. S., Vijay.S., Thanu Shree. N.

Organised for : BCA and MCA srudents.

Objectives :

- To measure ability or aptitude to reason logically.
- To enhance brain activity, encourage systematic thinking, build confidence.
- To encourage students to look beyond textual knowledge and to think out of the box.

Learning Outcome :

Students will be able :

- To apply a chain of reasoning to overcome a problem and reach a conclusion.
- To tackle seemingly insurmountable challenges.

To begin with, Thanu shree.N.(MCA) welcomed the gathering with a introduction speech. So There were three different competition namely 1. Mirror Images 2.Math n' Pic Puzzle 3.Debugging code

The quiz master for

- Mirror Images (Durga Kalyan.S. and Thanu Shree. N)
- Math n' Pic Puzzle (Vijay.S. and Thanu Shree. N)
- Debugging code (Vignesh.S. and Felix. A)

After the introduction, Durga Kalyan took over the stage and explained the rules of the Mirror Image to the contestants.

Contestants settled in their respective places. There were 6 teams from MCA and 7 teams from BCA.

As mentioned, the first round was Mirror images. The contestants has to recorginze Mirror word and say the correct answer within 20 seconds. All the words were related to computer application. If the first team answers the question with in 20seconds they get 10 points, if in case they don't answer within the time limit the question will be passed to the next team. Each team will get two questions.

There will be no elimination.

After the first round, Vijay.S. took over the stage and explained the rules of the Math n' Pic Puzzle to the contestants. In this round, contestants have to see the Math Puzzle image and answer the related question within 45 seconds and same goes with the Pic puzzle also. Each correct answer will get 10 points and passed question will get 5 points. Each team will get one question. In this round also there will be no elimination.

And comes the next round debugging, Felix. A. took over the stage and explained the rules of the Debugging code to the contestants. In this round, contestants have to check the error in the program given and answer within 60 seconds correct answer will get 10 points and passed question will get 5 points.

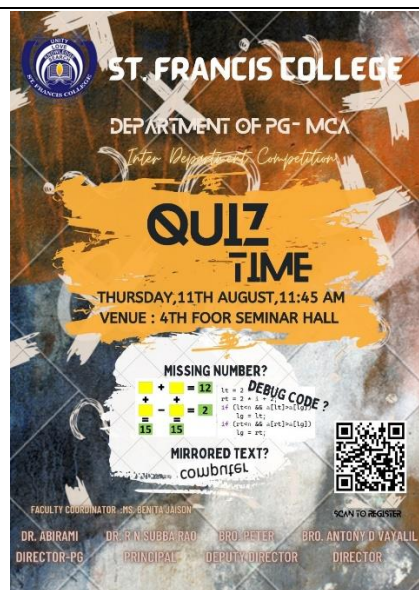

We got 3 teams with the same points. So a puzzle round was conducted between the three teams with the 45 seconds time limit . The 3 teams competed with each other . And there we got the winners, one team from MCA and two teams from BCA.

1st Prize: Reshma J. F and Sunitha. V

2nd Prize: Shruthi Garasangi and Ravi Kiran S. J

3rd Prize: Vamshi M and Akash

The event was very participative and fun. The quiz was very effective to think different and to think out of box.To conclude, the competition was a great success and built a competitiveness among the students.
