Report of the committee constituted to frame the model course structure under SEP

The committee constituted to prepare the model course framework (Structure) for the UG degrees of the Bengaluru City University as for 2024-25 met on the 5th of June, 2024 in the chambers of the Registrar (Evaluation) at 2.30 pm. The chairman welcomed the members for the meeting and requested them to deliberate on the framework of the UG courses as per the SEP guidelines.

The committee resolved to provide the framework for under graduate courses with three compulsory courses for basic degree (**Case 1:** three majors with a general degree) as resolved in the meeting of the BOS chairpersons of the University and the Govt. of Karnataka order, No. Ed.166/UNE 2023 Bengaluru, dated 08.05.2024. Along with the framework for general undergraduate degree programs, the framework for standalone/specialized degree programs of the University; B.A, B.Sc., B.Com, B.Com. B.Com. BTM, BBA, B. Sc. FAD, B.Sc. IDD, BCA, B.Sc. Home Science, B.Sc. Nutrition and Dietetics, BA Speech Language Pathology (BA SLP), BHM, were prepared for the first two semesters.

The Committee resolved to suggest the concerned BOSs to incorporate minor/appropriate changes in the credits and hours of instructions to suit the respective courses, without deviating from the total credits suggested for each semesters. The frameworks proposed by the committee have taken this into consideration. It is suggested to wait for the final recommendations of the SEP Committee to incorporate any changes in credits and additional papers for 5th and 6th semester general degree courses.

The committee also felt it necessary to maintain a similar pattern and standard of question papers across the streams, wherein 20% of the questions seek very short answers on concepts and logic, 40% of the question pertain to medium size answer to test the overall understanding of the subject, and 40% for question seeking detailed account on the topics of study.

The meeting concluded with the chairman thanking the members for their valuable inputs.

1) R. Duly

2) Ramu

3) Anu

4) Gowdaru

5) 

Proposed Under Graduate Course Program Structure as per the SEP
